MILAN DEVKOTA

Annapurna-6, Kaski | 9845546523 | devkotamilan852@gmail.com | www.linkedin.com/in/milan-devkota-129

Passionate and detail-oriented Python developer with hands-on experience in Selenium automation, data handling, LangChain, and backend logic. Currently contributing to real-world software projects, with a strong foundation in Computer Science and problem-solving. Eager to build scalable, efficient solutions and continually grow as a developer.

EDUCATION

Bachelor of Science in Computer Science and Information Technology
Soch College if IT | 2020-2025

- Completed Bachelor's degree in Information Technology with a focus on software development and programming.
- Gained practical experience in Python, automation (Selenium), and data handling through academic projects and real-world applications.

EXPERIENCE

Python Developer
Brand Builder | Pokhara, Nepal | March 2025- Present

- Developed and maintained Python-based automation tools using Selenium for data extraction and process automation.
- Collaborated with cross-functional teams to design and implement scalable backend solutions.
- Wrote clean, efficient, and well-documented code while participating in code reviews and testing.

Teacher
KEF Secondary School | Pokhara, Nepal | Dec 2022 – Apr 2025

- Instructed students in computer science, programming, and IT fundamentals using a practical, hands-on approach.
- Created curriculum-aligned lesson plans and conducted assessments to monitor student progress.
- Fostered a positive learning environment that encouraged critical thinking and problem-solving skills.
